Mid-Term and End-Term Exam Format

Course: Object Oriented Programming (BCSC 1002)
Program: B. Tech 2nd Year CSE + All Specializations
Semester: Odd Semester 2025-26
Exam Mode: CBT (GLA University Portal)
Total Marks(100)[Only BCSC 1002(Theory)]: External(**30**Mid-Term + **45**End-Term) + Internal(**20**TA + **05**Attendance)

Mid-Term Exam (30 Marks)

Section	Type of Questions	No. of Questions	Marks per Question	Total Marks	Description / Source
MCQs (10 Marks)	Definitions	5	0.5	2.5	Basic OOP with Java theory concepts
	Debug & Testing	5	0.5	2.5	Identify errors / predict corrections
	Output-based	10	0.5	5	Output-based / pseudocode style
Coding (20 Marks)	Easy	2	4	8	Fundamental coding, logic building
	Medium	1	5	5	Moderate OOP-based coding
	Hard	1	7	7	Applied coding (placement-level)
Total				**30 Marks**	10 Marks(MCQs) + 20 Marks(Coding)

End-Term Exam (45 Marks)

Section	Type of Questions	No. of Questions	Marks per Question	Total Marks	Description / Source
MCQs (20 Marks)	Definitions	10	0.5	5	OOP & Java concepts, theory recall
	Debug & Testing	10	0.5	5	Code correction / error handling
	Output-based	20	0.5	10	Output-based / pseudocode style
Coding (25 Marks)	Easy	2	4	8	Basic logic + syntax
	Medium	2	5	10	Applied problems, mid-level difficulty
	Hard	1	7	7	Industry-aligned problem solving
Total				**45 Marks**	20 Marks(MCQs) + 25 Marks(Coding)

Key Notes

- Coding problems will be strictly sourced from **recent placement drives** (KPIT, Capgemini, Infosys, etc.).
- **Balance maintained** across:
  - **Conceptual Theory** (definitions/recall)
  - **Debugging & Error Handling**
  - **Output-based (pseudo-style)**
  - **Coding (easy → hard, industry aligned)**
